and her pet went to the
vet. The vet fed the hen
ten treats. Jen and her
pet went home and went
to bed.**

Lion

The lion is a big, strong animal that lives in the jungle and grasslands. It has golden fur and a loud roar that can be heard from far away. Male lions have a fluffy mane around their head. Lions live in groups called prides and like to rest during the day. They are known as the "king of the jungle" because they are brave and powerful.

Tiger

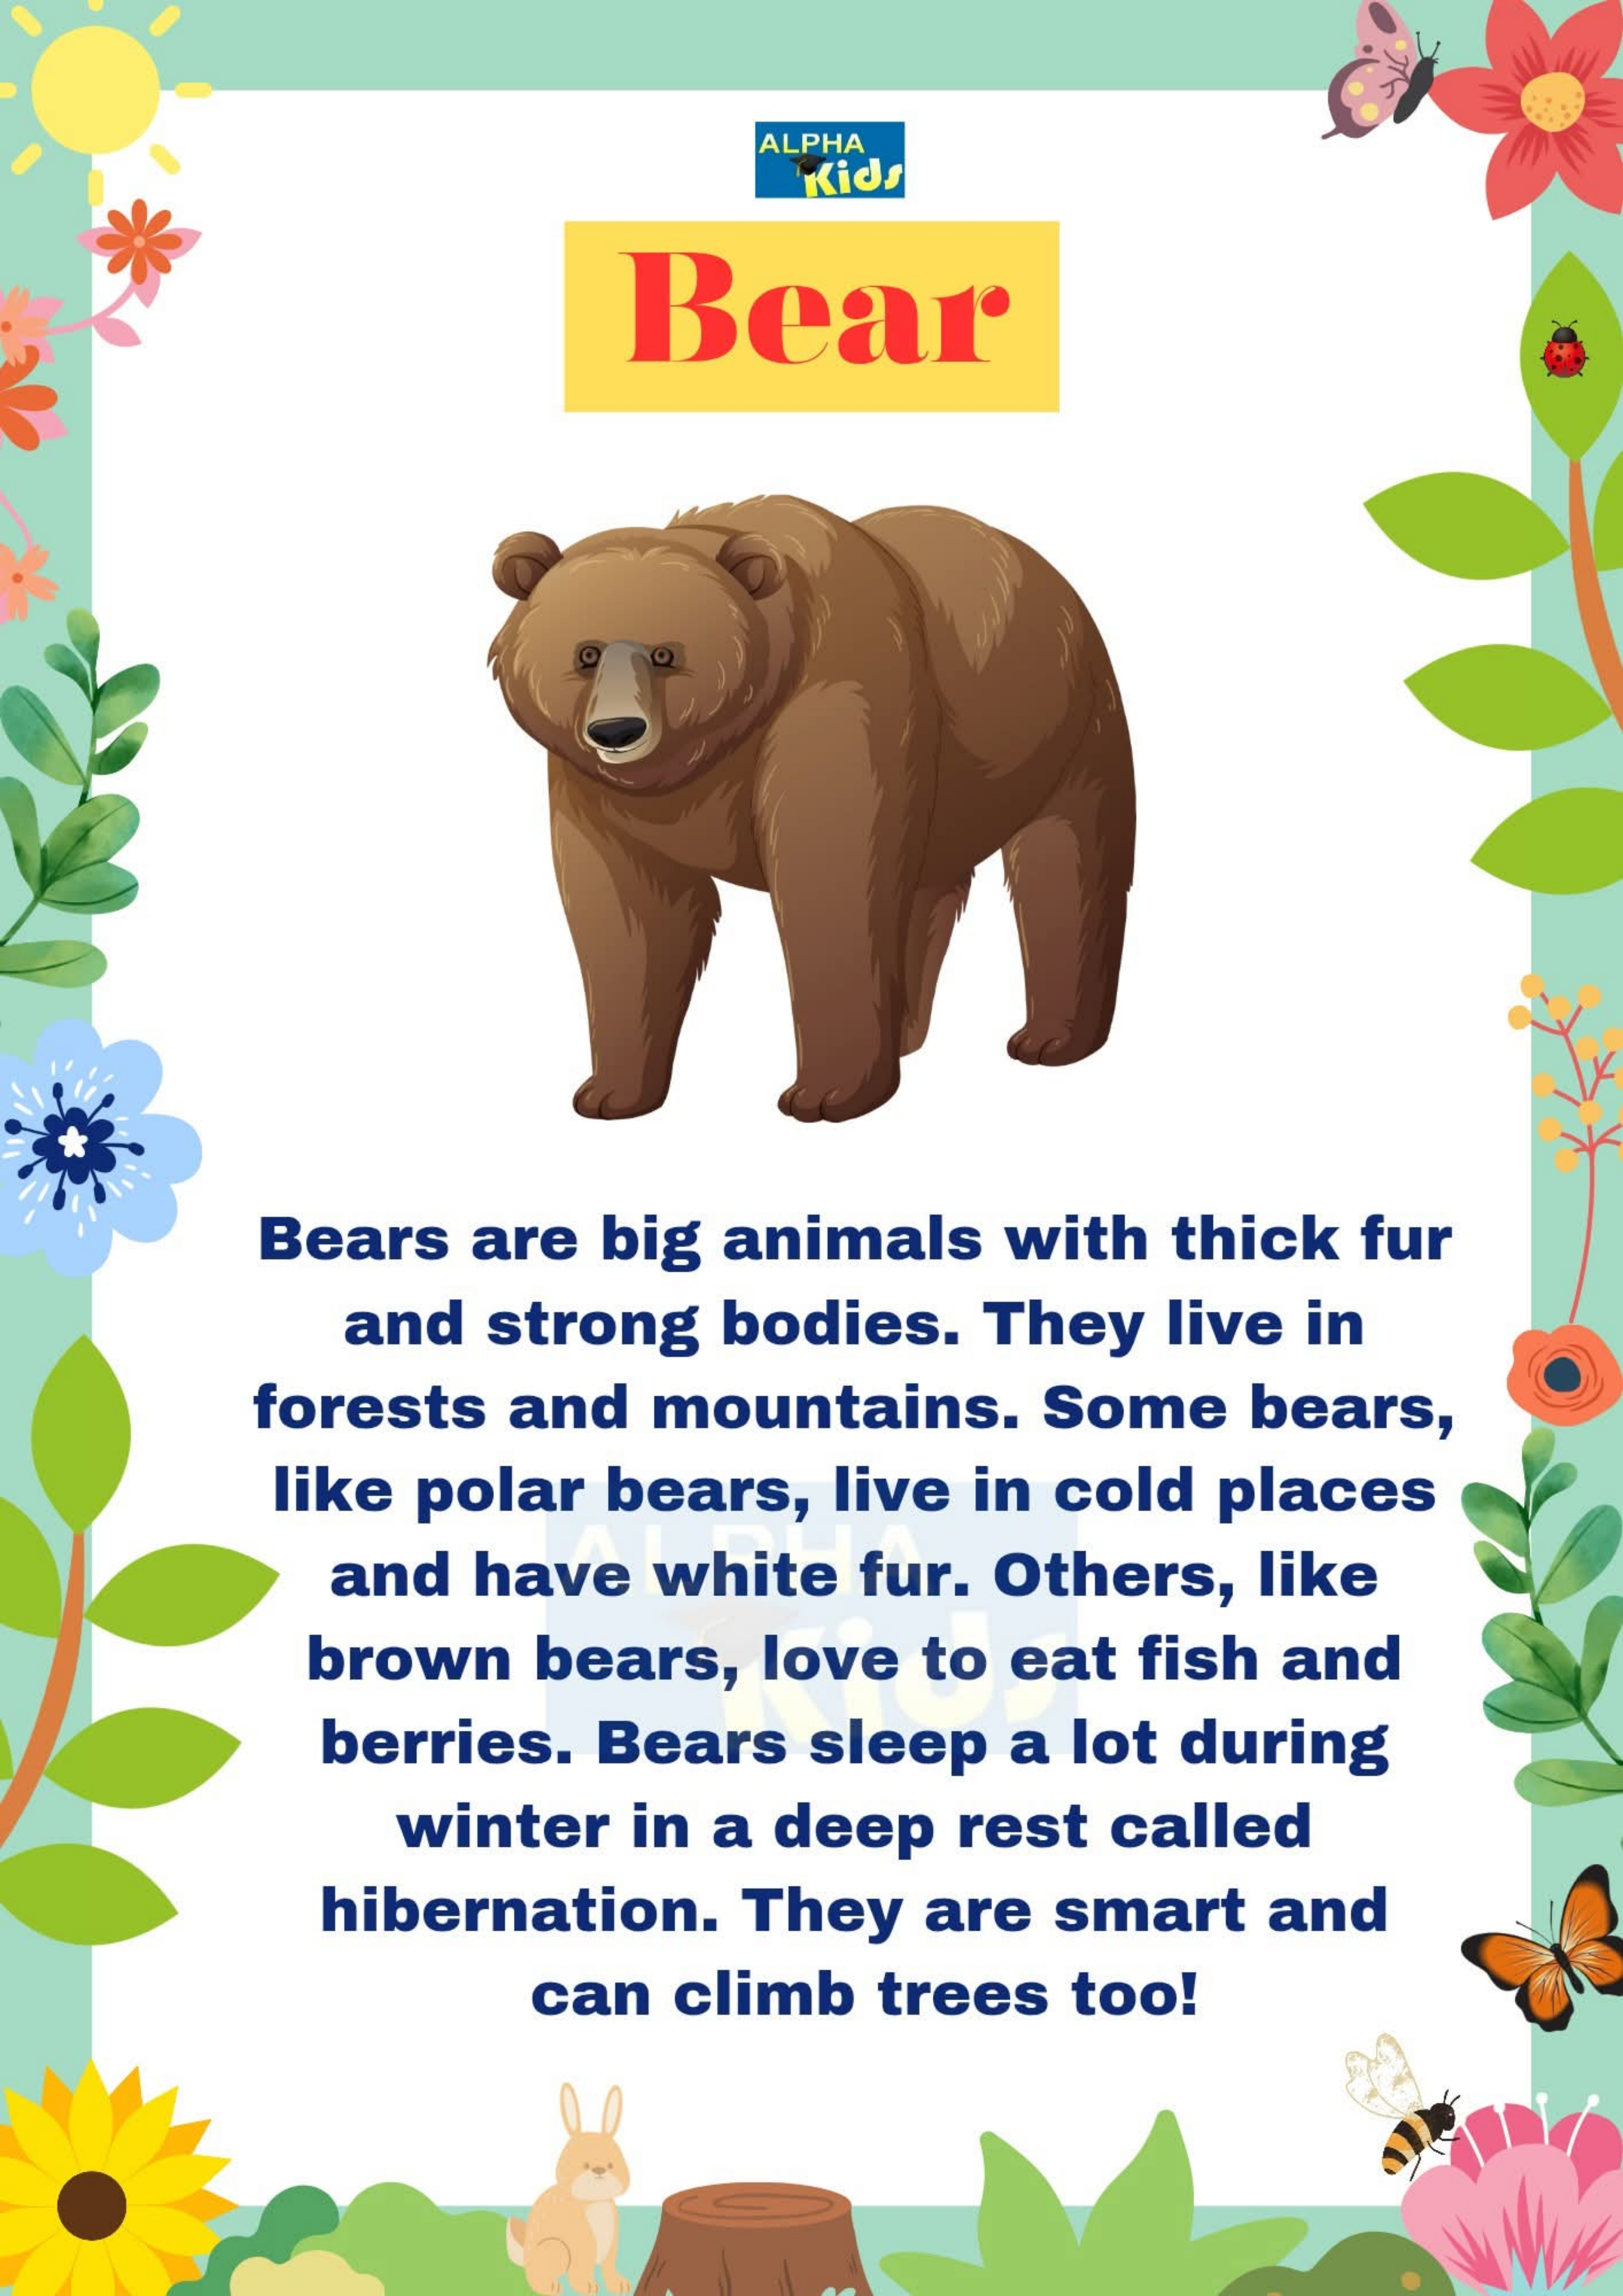

The tiger is a big wild cat with orange fur and black stripes. It lives in forests and hunts for food like deer and other animals. Tigers are strong and fast, and they like to be alone. They have sharp teeth and claws to help them catch their prey. Tigers are beautiful animals and need our help to stay safe in nature.

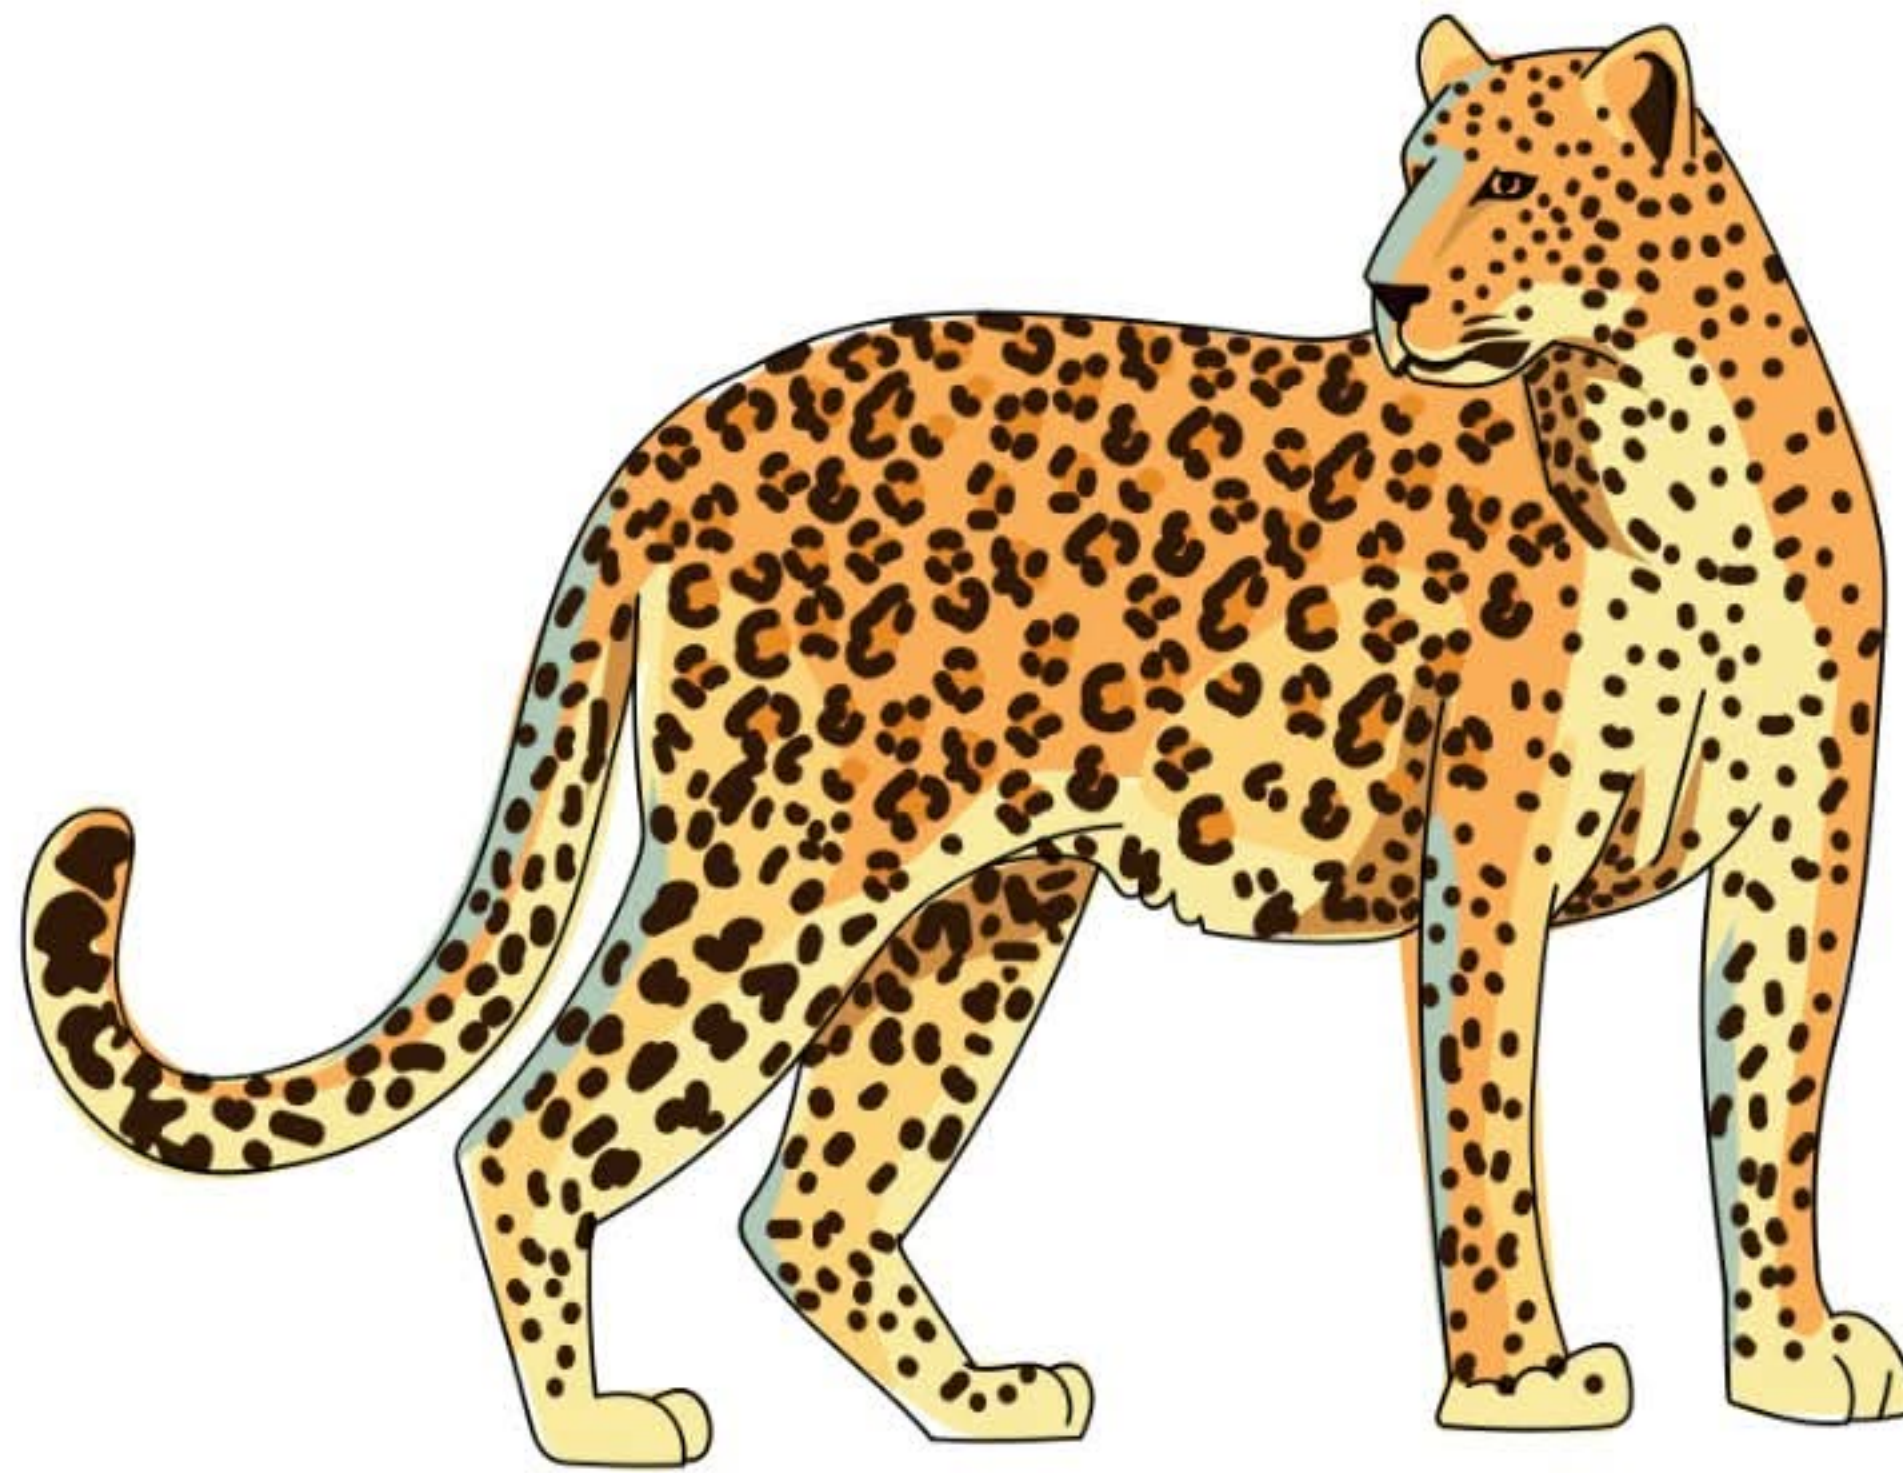

Bear

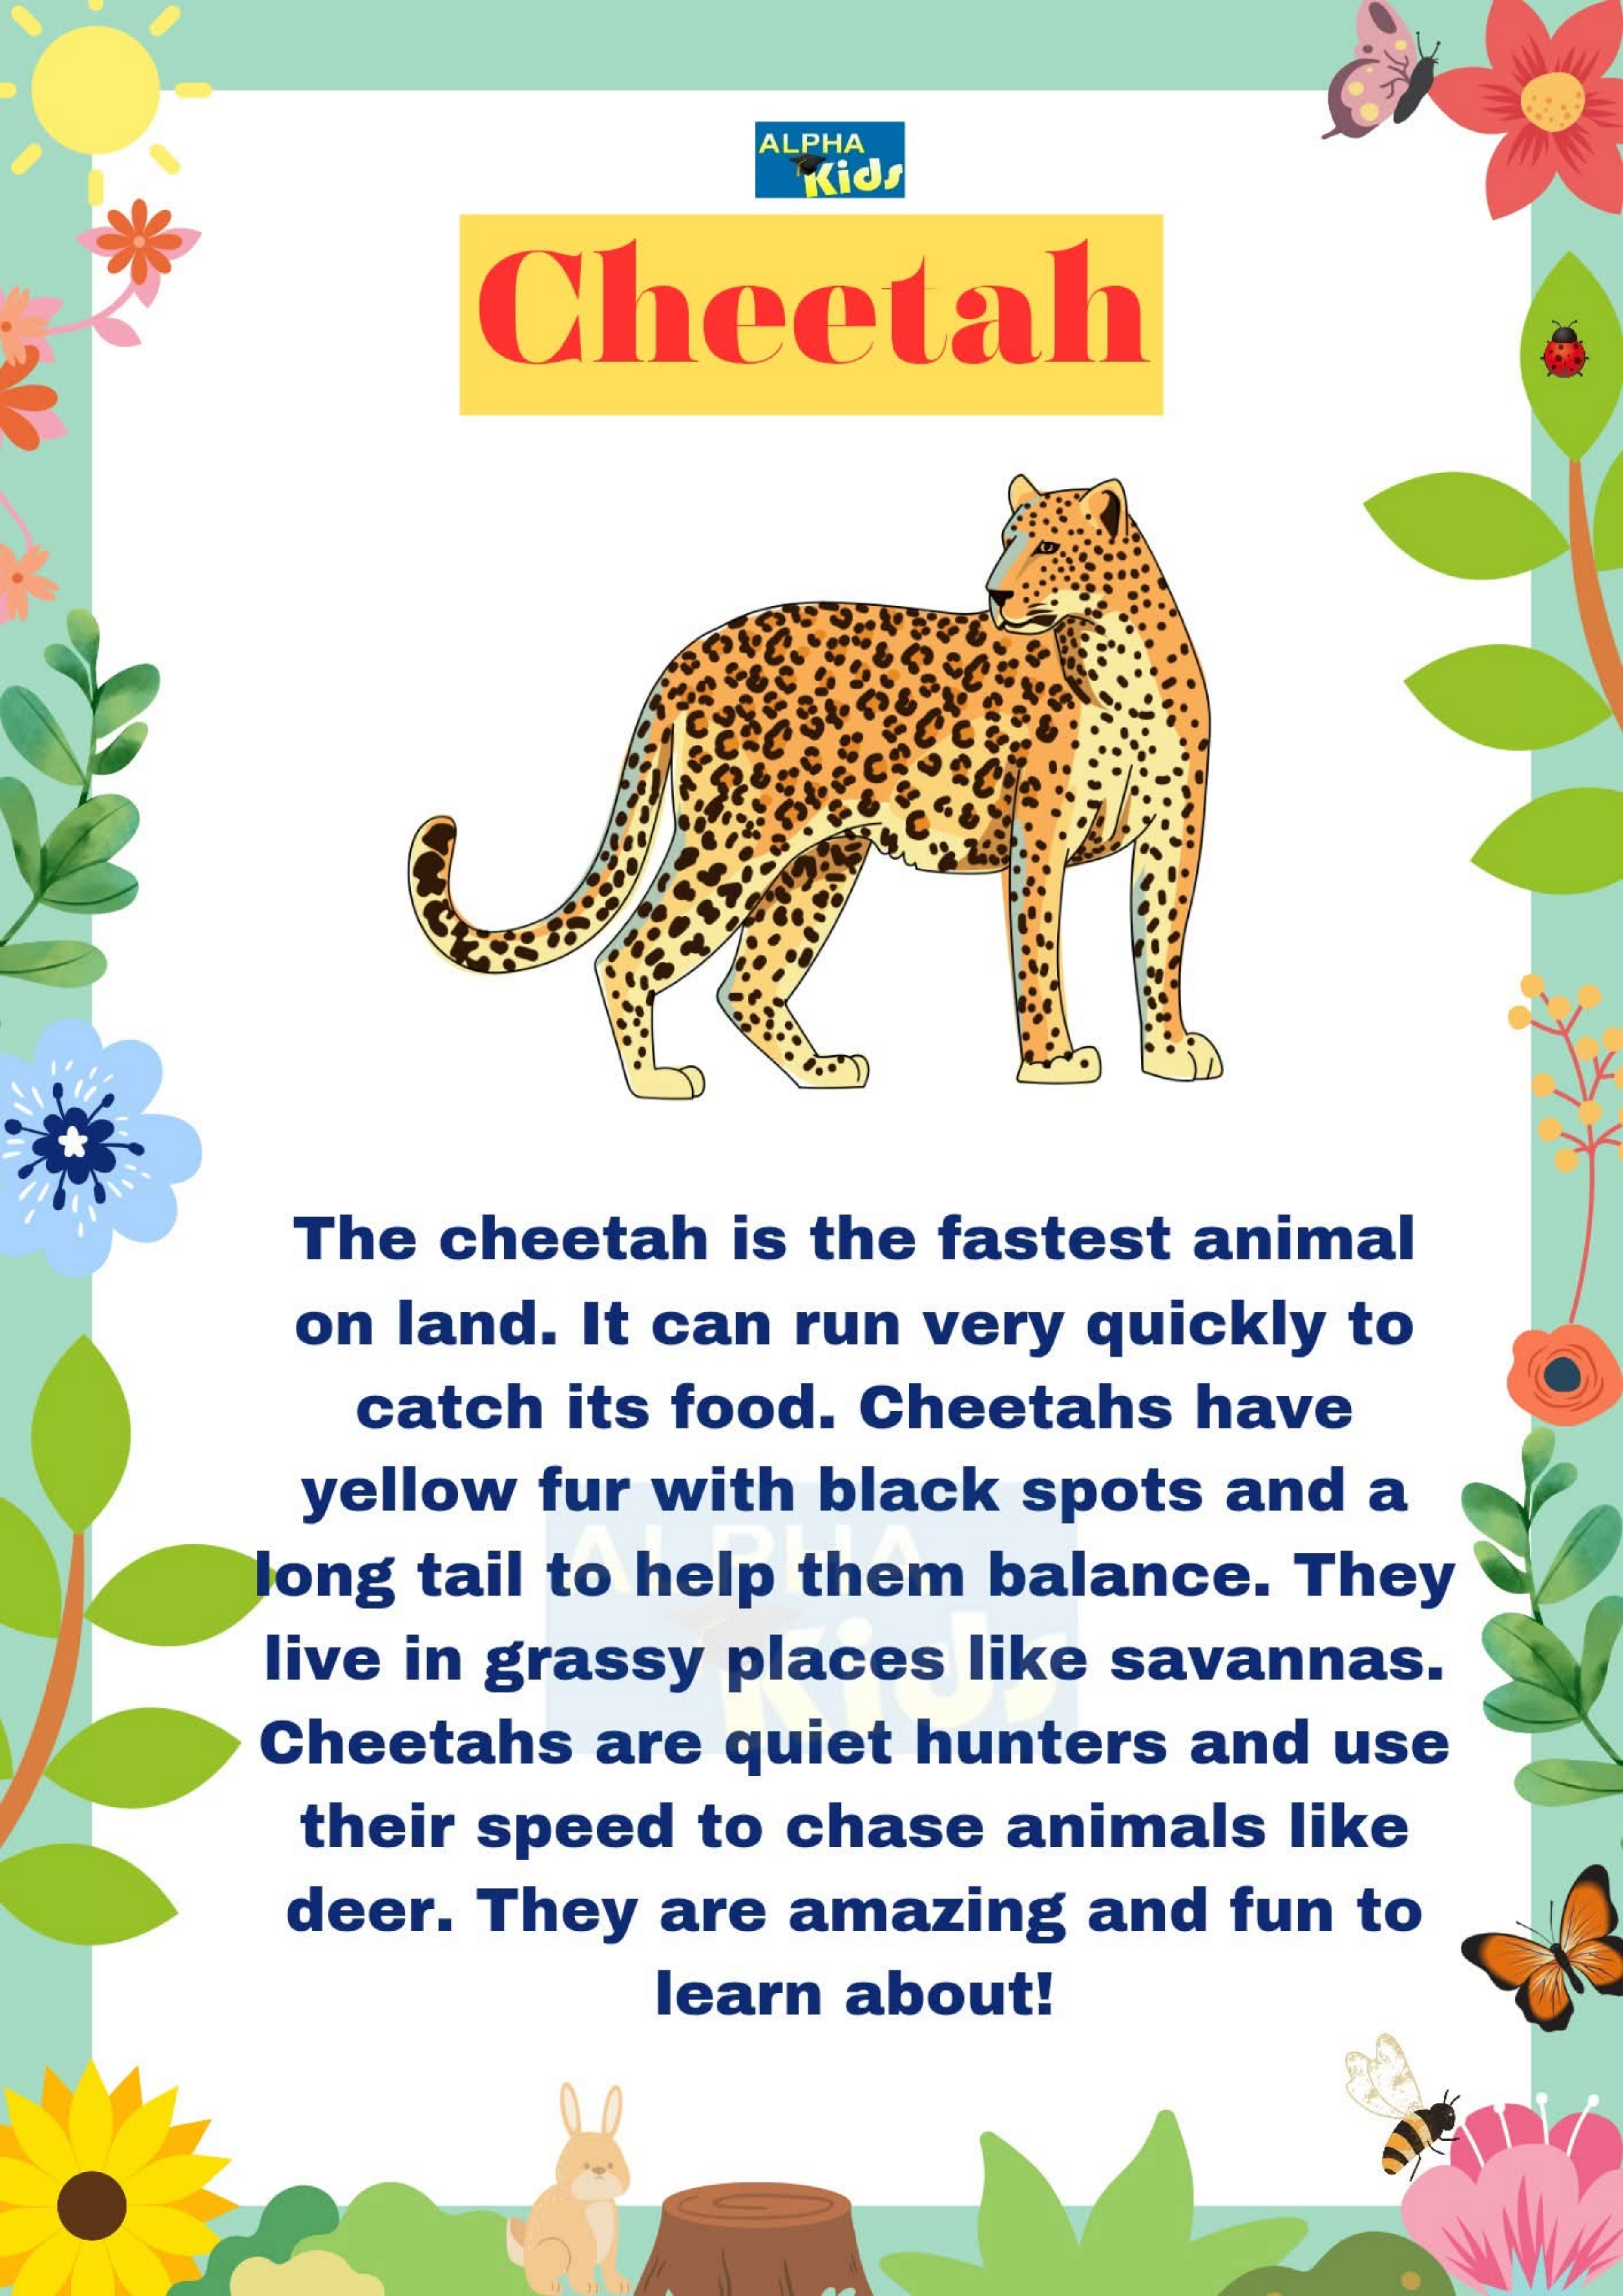

Bears are big animals with thick fur and strong bodies. They live in forests and mountains. Some bears, like polar bears, live in cold places and have white fur. Others, like brown bears, love to eat fish and berries. Bears sleep a lot during winter in a deep rest called hibernation. They are smart and can climb trees too!

Cheetah

The cheetah is the fastest animal on land. It can run very quickly to catch its food. Cheetahs have yellow fur with black spots and a long tail to help them balance. They live in grassy places like savannas. Cheetahs are quiet hunters and use their speed to chase animals like deer. They are amazing and fun to learn about!

Hyana

Hyenas are wild animals that live in Africa. They look like dogs and have strong jaws to help them eat.

Hyenas make a funny sound that sounds like laughing! They live in groups and work together to find food. Even though they are not very pretty, hyenas are smart and very good hunters.

Jackal

Jackals are wild animals that look like small dogs. They live in forests and grasslands and are very clever. Jackals eat meat, fruits, and even insects. They have sharp ears and can hear very well. Jackals often live in pairs and work together to find food. They are fast runners and good at hiding!

Wild Dog

Wild dogs are animals that live in the forest and grasslands. They look like regular dogs but are stronger and live in groups called packs. Wild dogs work together to hunt and take care of each other. They have big ears and colorful fur with spots or patches. Wild dogs are smart and fast, and they love to run and play with their pack.
